Landlord/Property Manager Miscellaneous Functionalities
How to Set Up the iManageRent Progressive Web App (PWA)

What is a PWA?

A Progressive Web App (PWA) combines the features of a website and a mobile app. You can use it on your browser or install it on your device for quick access.

How Do I Set Up the iManageRent PWA?

1. **Access the Website**
    - Open a web browser (e.g., Chrome, Edge, or Safari).
    - Go to the iManageRent website.

2. **Install the PWA**
    - **On Android (Chrome):**
        1. Tap the three-dot menu in the top-right corner of the browser.
        2. Select **"Add to Home screen"**.
        3. Follow the prompts to add the app.
    - **On iOS (Safari):**
        1. Tap the **Share** icon (box with an arrow).
        2. Scroll down and select **"Add to Home Screen"**.
        3. Confirm the action.
    - **On Desktop (Chrome/Edge):**
        1. Look for the install icon (a "+" or "computer with an arrow") in the address bar.
        2. Click it and select **"Install"**.

3. **Launch the App**
    - Find the PWA on your home screen (mobile) or apps menu (desktop).
    - Open it like any other app.

What Are the Benefits of the iManageRent PWA?

- Quick access from your home screen.

- Offline functionality for certain features.
- No need to install large native apps.

Do I Need to Update the PWA?

PWAs update automatically when you’re connected to the internet, so you’ll always have the latest version.
