

Landlord/Property Manager Miscellaneous Functionalities

Setting Up Push Notifications for iManageRent What Are Push Notifications?

Push notifications are alerts sent directly to your device to keep you updated on important events, such as rent payments, maintenance requests, or tenant communications.

How Do I Enable Push Notifications for iManageRent?

1. Log In to Your Account

- Go to the [iManageRent website](#) and log in to your account.

2. Access Notification Settings

- Navigate to your **Profile** page.
- Click or visit: [Notification Settings](#).

3. Enable Notifications

- Locate the **Push Notifications** section.
- Click "Subscribe" button to enable notifications.

4. Grant Permissions (First-Time Setup)

- When prompted, allow your browser or device to send notifications.
 - **On Desktop Browsers:** A pop-up may appear asking for notification permissions. Click "**Allow**".
 - **On Mobile Devices:** Ensure notifications are allowed in your browser or system settings. Check instructions for iPhone [here](#).

5. Customize Notifications

- Choose which types of notifications you'd like to receive (e.g., payment reminders, tenant communications).

Why Am I Not Receiving Notifications?

- Ensure notifications are enabled in your browser or device settings.
- Check that "Do Not Disturb" mode is not active.
- Confirm your internet connection is active.

Landlord/Property Manager Miscellaneous Functionalities

How Can I Disable Push Notifications?

- Return to the [Notification Settings](#) page and click "Unsubscribe"

Can I Receive Notifications on Multiple Devices?

Yes, you can enable notifications on all devices where you log in and grant permissions.
