My Company Website

What are the technical steps in implementing website integration?

1) The following pages are required* on your website:

a) List view of vacancies

b) Detail view of individual vacancies

c) Apply to rental

d) Get more information

*If you don’t have these pages we will help you to add them.

2) Provide address of each forementioned page in the provided form

3) Receive the instructions via email and insert provided java script codes for each page

4) Add link on your navigation menu for vacancies page

5) Now your website is integrated with iManageRent dashboard

We can help you with any of the instructions above if your web programmer is not available. Please, feel free to contact our support team with any questions
