

My Company Website

How do I collect a security deposit and rent online via website integration?

1) From your iManageRent dashboard you can invoice the desired amounts and setup your deposit account. Your tenant will receive an email with instructions, and they will arrange payments from their dashboard. On the transaction date, we will transfer funds from their account to yours via ACH.

2) From each vacancy on your site, applicants can initiate payments to you by clicking on the "Take Action" button.
